

FLOW PACKS

Our cutting-edge technology gives us the flexibility to offer a variety of products; combining materials, structures and designs that allow us to extend the shelf life of products, protect their quality and present them in an attractive and friendly way to the end consumer. We offer creative solutions for each of our customers in different market segments or niches.

The films are optimized to run smoothly on vertical (VFFS) and horizontal (HFFS) packaging lines, as well as fill and seal packaging machines. Flow pack films are designed for maximum production efficiency through increased throughput and speed, while offering extended shelf life and premium product presentation.

BENEFITS

- Excellent machinability and sealability.
- Flexographic printing up to 8 colors.
- High strength for demanding weights and drop heights.
- Excellent optical properties, clarity and gloss.
- Availability of different barrier levels for a wide range of food products.

APPLICATIONS

- Food
- Bakery
- Meat and dairy products
- Pharmaceutical products
- Frozen products
- Confectionery

AVAILABLE STRUCTURES

METALLIZED POLYESTER / WHITE POLYETHYLENE
TRANSPARENT POLYESTER /POLYETHYLENE WHITE
KRAFT PAPER/ TRANSPARENT POLYETHYLENE
MATTE BOPP /ALUMINUM/TRANSPARENT POLYETHYLENE
TRANSPARENT POLYESTER /NYLON/ TRANSPARENT POLYETHYLENE
MATTE BOPP/METALLIZED BOPP/ TRANSPARENT POLYETHYLENE
KRAFT PAPER/METALLIZED POLYESTER/TRANSPARENT POLYETHYLENE
TRANSPARENT BOPP/ALUMINUM/TRANSPARENT POLYETHYLENE
KRAFT PAPER/ALUMINUM/TRANSPARENT POLYETHYLENE
TRANSPARENT BOPP/TRANSPARENT BOPP
TRANSPARENT NYLON/WHITE POLYETHYLENE
TRANSPARENT POLYESTER /WHITE NYLON POLYETHYLENE
KRAFT PAPER
TRANSPARENT POLYESTER / TRANSPARENT CAST
TRANSPARENT BOPP/WHITE POLYETHYLENE
TRANSPARENT BOPP/ METALLIZED BOPP
TRANSPARENT NYLON/COLORED POLYETHYLENE
